

SoftboxONE

Cost-effective Parcel Shippers

Softbox ONE parcel shippers are single-use parcel shippers that provide cost-effective transport of temperature sensitive pharmaceutical products. They have been tested for temperature profiles of summer and winter in order to guarantee the integrity of the payload throughout the logistics circuit.

Designed to work primarily with products that need to be stored and transported for 72-96 hours at +2°C to +8°C and +15°C to +25°C temperature ranges, Softbox ONE is the perfect parcel solution for express and international networks on medium to low-risk lanes.
