

Water-Based Bulk Air Cargo Pallet Shipper

Silverpod® PRO pallet shippers continue to live up to their reputation as best-in-class passive temperature-controlled bulk air cargo solutions. Designed for palletized loads, they optimize capacity and integrate perfectly with different global freight networks. Ease of delivery, storage and assembly while utilizing flat-packed components also help to reduce pressure on your bottom line.

Silverpod PRO pallet shippers will comfortably maintain the designated temperature for a range of transport modes and extended durations.

Key Features

Designed to accept loose and palletized consignments

US and Euro pallet footprint options available

Easy packing and conditioning

Supplied flat packed for cost-effective delivery and storage

One-size coolants fit all pallet shipper sizes

Patented design

Globally available via extensive supply network

PAYLOAD (LITERS)
100-2994

TEMPERATURE RANGE
+2°C to +8°C
+15°C to +25°C
+2°C to +30°C
< -20°C

DURATION (HOURS)
96-180

Technical Specifications
