

Control Tower Offers White-Glove Service for Shipment Monitoring

CSafe Control Tower is included with every RKN, RAP, and APS lease, giving you a premium shipment setup and monitoring service through CSafe Connect at no additional cost. From the moment your shipment is configured to the moment it arrives, our global Control Tower team tracks it in real time, 24/7.

Our team monitors each shipment to anticipate and address potential issues before they become problems. If something needs attention, we intervene quickly to keep your shipment on track. Upon delivery, you'll receive a detailed shipment report so you're informed every step of the way.

With CSafe Control Tower included on every lease, your shipments are always in good hands.
